

## World's Children

**March 2021** 

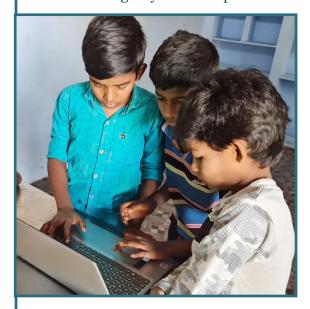

In February 2020, the children at Nambikkai Illam Orphanage laid the cornerstone for their new girls' dormitory (photo left). This February, the first floor is finished and they are working on the second floor (photo right). Often it takes time to complete a major project and 2020 had the added obstacle of the Covid pandemic. We are happy to report that things are getting back to normal and work is moving forward.
