

World's Children

Amazing World's Children Friends,
Almost daily we receive photos and messages from the centers that we work with around the world - smiling children with eyes full of hope, messages of thanks from the leaders.

The truth is you are the ones making the difference, your faithfulness and generosity put meals on tables, books in classrooms, safe spaces around children so they can dream. These sweet children have a hope for their future and faith in their hearts.

As we send out this Annual Report looking back at the year, we are so thankful for your partnership with us.

Blessings,
Shannon Miller

World's Children Annual Report 2024

COMFORT BRINGS JOY CAMPAIGN

Every fall we work with our programs around the world to figure out ways to help make the children's lives a little bit better.

This year we felt like it was a good time to honor the hard work of David and Jean Purviance who retired last year. This is a campaign that they created, in 2018: 'Comfort Brings Joy.'

"When the children know they are loved, know they are safe, and have as much comfort as is possible in a children's home... then they are able to feel the joy of childhood."
-David Purviance

HELP SPREAD JOY THIS CHRISTMAS
